This break bulk shipping service is aimed at servicing shippers of project, bagged and general cargoes including machinery and heavy weight/oversized pieces.

Particular focus on traffic of project and general cargoes from Ravenna to Marmara and Black Sea ports.

We can also offer rates for door-to-door delivery to inland destinations in Russia/CIS.

Subject to sufficient inducement we offer additional port calls between ports of Adriatic Sea and Black and Azov seas including shallow drafted ports i.e. Rostov, Sochi.

20' carrier owned containers are provided for Ravenna/Novorossiysk/Ravenna route.
